

Forum Committee

Welcome to our March Newsletter. The committee is still struggling with membership to help us run effectively. If you have a very small amount of time free to help us put on the Forum meetings then please get in touch. We would like to aim for quarterly meetings, however, unfortunately that has not been possible recently.

The Christmas break may be a distant memory but the wintry weather has not eased up yet, with many safety incidents around the area, hopefully by the time we reach our next forum meeting the weather will be more favourable. Looking ahead with a little optimism for better weather soon, are there Health, Safety and welfare issues locally that you would like us to cover, OR, that you could share your knowledge or best practice with the other Forum membership.

Feel free to get in touch if you have any suggestions.

Health

Health, including Mental Health, continues to make the headlines and with the current murky weather and the nights still feeling long, I am sure a lot of us struggle to remember what our homes and gardens look like in daylight.

We covered some mental health topics at the last forum meeting but if there is a continuing need and interest we will look at a regular health focus spot.

The Forum maintains a list of contact e-mail addresses, if you have received this Forum newsletter and you would like your contact details removed from the list please e-mail me at the address below.

NEXT MEETING – Tuesday 10th March 2020

Please put the 10th March in your diary for the next Forum meeting. We are in the process of trying to arrange a venue so if you have any options, please get in touch.

Venues and Times to be confirmed, but keep the 10th in your diary!

We are always keen to look at speakers and topics that you, the forum members would find useful and interesting. We're happy to do the work and track speakers down, just let us know your thoughts.

If you have any questions or items you would like to include in this or future meetings, please contact Grahame Kirsopp – grahame.kirsopp@morgansindall.com

HICSF Team: Paul Davies, Grahame Kirsopp

The Forum is open to anyone with an interest in safety within the Construction sector in the Highlands and Islands area. Contact Grahame Kirsopp for information or to unsubscribe from our mailing list.
